Paper Products:

Blox-Lite™

Blox-Lite™ is a 100% recyclable and FSC-certified paper alternative to non-green medias like PVC vinyl. This 100% opaque banner and sign material is printable on two sides and available in rolls or sheets for use on digital, screen, offset and flatbed UV printing.

Applications: Hanging signs, banners, frontlit displays, point of purchase signage, trade show displays

Calipers: 10pt, 12pt and 14pt.

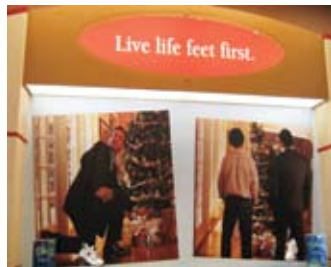

Enviroboard™ MR (Moisture Resistant)

This ridged, moisture-resistant board is a multi-ply alternative to traditional foam core and corrugated plastic boards. The Enviroboard™ MR is 100% recyclable and FSC-certified, printable on two sides and suitable for indoor and short-term outdoor applications. Easy to install, cut and customize shapes.

Available in sheets for flatbed UV printing.

Applications: Point of purchase displays, hanging signage, standees, danglers, trade show displays

Thicknesses: 3.0 mm and 4.0 mm

GREEN FACTS

1. The Enviroboard™ is a FSC-certified and 100% recyclable paper board, a truly green resource!
2. Your company can save millions of trees a year when choosing recyclable products.
3. Foam core boards can take up to 500 years to breakdown in landfills. Corrugated plastics can take up to 800 years!

Choose wisely. Choose for the future.
Choose conVerd, your GREEN resource.
