

Banner Ups

Fabricated with Crystal Clear *PowerTabs*[®] & *PowerTape*[®]

Fabricated with Traditional Stitched and Grommets

As for saving time, a typical 36" x 48" banner can be fabricated in 3-5 minutes. The same banner double stitched and grommets would take 15-20 minutes if done on site and could be days if you have to send the banner to a fabricator.

- ❖ Use **Banner Ups**® indoors and out. In most applications Banner Ups are stronger than grommets because they spread the stress of high winds over a much larger surface area.
- ❖ Use **Banner Ups**® with vinyl, Tyvek, Typar, Valeron®, high strength Polyolefin, Foamcore, Polyethylene, Coroplast®, paper, posters, canvas, even some woven and non-woven fabric.
- ❖ **Banner Ups**® are wind tunnel tested.

Banner Ups Are Available in These Styles:

- ❖ Regular **Banner Ups**® - For your heavy-duty indoor or outdoor needs.
- ❖ Mini **Banner Ups**® - *White or Crystal Clear* - are a smaller size designed for light duty outdoor or indoor use.

BAN001	Banner Ups White	5 3/4" x 2" (Unfolded)	\$28.50 / 100 tabs
BAN002	Banner Ups White Mini	2 3/4" x 1 1/2" (Unfolded)	\$15.50 / 100 tabs
BAN003	Banner Ups Clear w/Back tab	2 3/4" x 1 1/2" (Unfolded)	\$15.50 / 100 tabs

Power Tabs

- ❖ Use **Banner Ups PowerTabs** to turn your digital image into a super strong outdoor banner - instantly!
- ❖ Crystal Clear **PowerTabs** let your color image shine through. Super strong for indoor / outdoor use.
- ❖ No sewing, grommets or special tools required!
- ❖ Use **Banner Ups PowerTabs** with virtually any banner fabric, Coroplast®, Foamcore®, or paper.

Banner Ups PowerTabs are available in 4 styles:

Crystal Clear Power Tab

White Power Tab

White Mini Power Tab

Clear Power Tab

BAN011	Power Tab White	5 1/2" x 2 1/8" (Unfolded)	\$25.50 / 100 tabs
BAN014	Power Tab Crystal Clear	6 1/2" x 2 1/8" (Unfolded)	\$47.00 / 100 tabs
BAN012	Mini Power Tab White	1 1/2" x 3 1/8" (Unfolded)	\$14.50 / 100 tabs
BAN013	Mini Power Tab Crystal Clear	1 1/2" x 3 1/8" (Unfolded)	\$32.50 / 100 tabs

New Clear EdgeTabs (BAN 016) square shape makes them the ideal choice for banner edges when additional fastening points are desired. Measuring 1 1/2" square they may also be used on banner corners as a lower cost alternative to large PowerTabs for lighter weight applications. For a low cost hole reinforcement for banner stand graphics, just cut the tab in half and place on the back of banner corners, punch center hole, then place banner stand posts through the hole.

BAN016

BAN016 Clear	Edge Tabs	1 1/2" x 4" (Unfolded)	\$36.50 / 100 tabs
--------------	-----------	------------------------	--------------------

New BulkTabs (BAN 043) are designed to get massive strength out of extremely light weight materials. Due to their large size, BulkTabs can get tens or even hundreds of pounds of resistance out of the lightest materials. A rigid dowel (not included with tab) is inserted in the tab neck for reinforcement.

BAN043

BAN043	Bulk Tabs	7" x 5 1/2" (Unfolded)	\$58.50 / 100 tabs
--------	-----------	------------------------	--------------------

New ProTabs (BAN 041) are simple tabs designed for simple jobs. Use ProTabs to hang rigid board or as a low cost alternative to grommets on flexible materials, or even as grommet hole reinforcement.

BAN041

BAN041	Pro Tabs	5 1/2" x 2 1/8" (Unfolded)	\$25.00 / 100 tabs
--------	----------	----------------------------	--------------------

Banner Ups Power Tape

- Reinforce banner edges without folding or sewing a hem. Just strip and punch.
- Use with **Banner Ups PowerTabs** to create a super strong banner of any length, instantly!
- Create a perfectly smooth, sharp digital banner. No rippled hem.
- Eliminate the risk of damage to your image by post print sewing.

PTAPE: Forget about the hassle of folding over double-sided banner tape to make a banner hem! Made of heavy-duty film, PowerTape (PTAPE8615) takes the place of hemming and grommeting. Simply apply tape over PowerTabs along the top and bottom edges on the back of the banner. After applying the PowerTape, punch holes through the tape, tab center holes, and banner media, then run rope through the hole. In a few minutes, you can create a strong banner of any length without the time and struggle of grommeting, or the risk of damage to the image that post print sewing can cause. PowerTape works best when used in conjunction with PowerTabs.

PTAPE Power Tape (1½ x36yds) \$127.00 / 5 rolls

POLETAPE: This super strong adhesive goes on like tape but sticks like hot melt glue. Use PoleTape instead of sewing to create dowel pockets for pole banners, or for joining banner media. It may also be used for permanent mounting on wood, rigid plastics, and metal. Available in 1" wide x 35 mil thick (POLE135) and 1/2" wide x 20 mil thick (POLE0520), for lighter duty.

POLE Tape 20 mill Pole Tape White (1/2" x200ft) \$44.00 / per roll
POLE 135 Tape 35 mil Pole 135 (1"x200ft) \$91.00 / per roll
